

HES-RV-160

RV Solar Kit

HES-RV-160 ADVANTAGES

POWER FOR YOU ON THE GO

HES-RV Kits are designed to charge your batteries while dry camping. They provide extra power so you can enjoy the comforts that battery power wherever you camp.

QUALITY SOLAR MODULES

HES-RV Solar System components are designed to exceed the life of your RV.

EWC-30 CONTROL CENTRE – A MULTI-FEATURE SYSTEM DISPLAY

Not only does the EWC-30 Control Centre boost your power & protect your batteries from being overcharged, the design allows for a very pleasing and clean install.

A NAME YOU CAN TRUST

HES has over 20 years of experience with RV Solar. With offices in Victoria, Calgary and Barrie our products and tech team can help you solve your power issues.

HES-RV-135 KIT

People who have RVs love the freedom of choice. With a solar power system from HES-RV, you can choose where you camp, and how long. You can enjoy the comforts of electricity without worrying about batteries or listening to a generator. You can use the sun's energy – wherever your travels have taken you.

An HES-RV system brings you our 20 years of experience of solar powering RVs in Canada. The kit offers only the highest quality components, including the HES-160 Solar Module and the EWC-30 Control Centre, optimized for RV installations and full of features that RVers love. Performance, value and long trouble-free operation are what you can expect from your HES-RV system.

An HES-RV system brings you our 20 years of experience of solar powering RVs in Canada.

HES-RV-160 RV Solar Kit

Harvest the Maximum Amount of Power

Sunshine

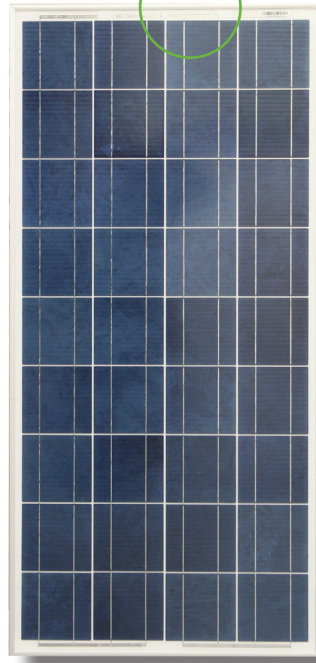

Power at your campsite courtesy of the sun, and your HES-RV Kit

25 Year Power Output Guarantee

Rugged construction with tempered solar glass makes sure the HES-RV-160 works for decades. The HES-160 Solar Panel features a 25 year power output Guarantee and a 10 year limited warranty on material and workmanship.

Full Installation Kit Includes

Each HES-RV Kit comes complete with sunshine resistant power cable, mounting feet, hardware and instruction guide.

HES-160 Solar Panel

The HES-160 panel uses textured PV glass to naturally increase light diffusion.
